46 Clean Episode 2: A Microphone in Conversation This episode we go over how to set up a conversation with a microphone. First, we will review some common issues when setting up a microphone for your video conference. Second, it is our understanding that many companies have come up with their own solutions Free View in iTunes This is the second in our four-part series. Click "Next" for the first.. In the weeks leading up to the Iowa caucuses on Feb. 1, the Trump campaign started to shift a lot of its focus from Iowa to its most effective route to win the state: the delegate allocation process, which involves an extremely competitive contest between candidates, all funded largely by small contributors, and the vast majority of which is committed to the candidate closest to the line in front of them on the delegate allocation process.

In the next two years, the delegate allocation process will get even more competitive. As this series on the delegate allocation process illustrates, there are likely to be a lot more candidates, and a lot more money, to spend on getting the nomination over the next six months than in 2008-2016, when all of the Republican candidates combined spent roughly \$4 million and \$10 million in allocating delegates; and as we will show in Part 3 of this series, there are many, many more states where Trump's campaign is going to View in iTunes.. 25 Clean Episode 4.03 – The History of India – Part 1 India, known from a geographical perspective, was conquered and ruled for centuries by various people.
