Our DJ controllers are designed to help you create powerful DJ mixes with TRAKTOR PRO 3 software.. I believe the S2 came out of storage unit so the vendor isn't the original owner.. Traktor DJ 2 is Native Instruments' freely downloadable alternative to their flagship Traktor Pro 3 software.. It provides all the tools needed for DJing on a desktop computer, a laptop, or a mobile device running iOS.. The software supports iTunes import and Soundcloud Go+ streaming The biggest drawbacks, when compared to Traktor Pro 3, are the lack of additional decks, reduced number of tempo sync modes (Beatsync and Temposync are not included), missing insert effects, and lack of tag editing functionality.. Users who don't own one of the supported controllers can take advantage of the touchscreen controls on iOS.. The application features two decks (instead of four in Traktor Pro 3) with cue and loop point functionality, Vector waveform display mode with waveform zooming (additional modes available in Traktor Pro 3), eight hot cues, four mixer effects, filters and EQ on both channels, keylock support (powered by Elastique 3), and support for automatic tempo and key detection..
